

IAM Driver Skills Days

Croft Circuit

Tuesday 26th August 2014

Croft Circuit in North Yorkshire is by far the longest circuit used for IAM Driver Skills Days. Set in beautiful countryside a few miles south of Darlington this 2.1 mile track has some challenging corners and extensive straights which give a really broad spectrum of experiences to help drivers develop their skills.

You have the choice of a morning or afternoon session. Both offer seven 15 minute outings on the circuit with your dedicated IAM instructor from the Region 4 Training Team. The instructor will develop your observations and your techniques of car control so that you are able to make rapid and smooth laps of the circuit. You will work on positioning, braking, gear choice and acceleration technique. Repeated laps of the same circuit allow you to experiment with different variations of approach, and demonstrate how critical the right choice is to making the drive feel absolutely right. It doesn't have to be done at fearsome speeds. You can enjoy the Skills Day at your own pace and your instructor will work with you in whatever way suits you best. The

circuit environment allows you to experience the subtleties of your car's handling. You are in a controlled space. The usual hazards associated with the public roads are entirely absent. The setting for Skills Day training is unique.

The experience is invaluable!

Croft is ideal for us to help you to learn so much more about your car and yourself. No matter what they have driven, from runabout to supercar, IAM members have enjoyed this unique experience and been surprised by what they have learnt in the just a few hours.

..... You should be next!

Try an Alfa Romeo

A selection of Fiat and Alfa Romeo cars are usually available at all IAM Driver Skills Days for you to try.

Croft has all the facilities you could ask for!

Refreshments are available throughout the day, with a free coffee or tea on arrival once you have signed in.

An IAM photographer will be present and a full set of shots is sent to every driver a few days after the event

Guests are welcome and can enjoy the freedom of the pit lane and watch the action from the pit lane wall. Make a real day out of it!

All this for an exceptionally low cost!

IAM Driver Skills Day only £129

Booking opens on Tuesday 24th June 2014 at 10 am.

Just call IAM Support on 0208 996 9600 or 0845 126 8600

It couldn't be easier!

IMPORTANT NOTES

The booking and payment arrangements for this event are very specific and to help us you must follow them closely. There have been occasional difficulties with bookings for previous events when events have become oversubscribed, a situation we wish to avoid.

1. Booking opens at 10 am on Tuesday 24th June 2014. No earlier bookings will be taken under any circumstances. Please be ready to call as soon as booking opens as we anticipate the event will fill rapidly, particularly for the afternoon session.
2. Payment must be made by credit or debit card at the time of booking.
3. Joining instructions and detailed information will be circulated in early August by e-mail.

NOISE

There are limits to permissible noise levels at Croft. All cars used on the Skills Day must be road legal. It is unlikely that such cars will breach the noise limits, but some supercars or modified cars may well do so. We reserve the right to remove such cars from the circuit because excessive noise could lead to the entire event being stopped. Please advise the support staff at the time of booking if you are concerned about the car you wish to use being particularly noisy. We shall contact to discuss the problem.

Driving Dynamics Skid Car Experience

Croft Circuit

Tuesday 26th August 2014

The team from Driving Dynamics with their Skid Car will be attending this Driver Skills Day event

Their skid awareness and avoidance packages are fun events and hugely enjoyable. Yet the skills you learn could help you to avoid or at least reduce the impact of a serious road traffic accident.

An exciting skid driving package

Imagine taking the wheel of a computerised 'skid car'. You'll be driving along in what appears to be a normal road vehicle. Yet, at the touch of a button the car converts into an amazing skid car.

You'll feel like you're in the movies when the car suddenly careers into a front wheel or rear wheel spin. It will be up to you to apply the skills you've learned, along with split second thinking, to regain control.

SKID CAR EXPERIENCE ONLY £40

Please note this experience cannot be taken on the same session as the Driver Skills Day. A morning Skills Day session means you must take the Skid Car experience in the afternoon, or vice versa as the case may be.

To book the Skid Car experience call
