

Dear CANAM Member,

The renewal of your **local** IAM membership (CANAM Group) is due annually on the 1<sup>st</sup> September, and in this respect I enclose a renewal form for completion and return. This subscription is in addition to the IAM annual direct debit.

All members and associates need to complete the membership renewal form attached and return it to me at the address below as soon as possible.

According to our records you have signed a standing order mandate to renew your CANAM subscription. Thanks you. No further action is required in respect of payment to the Group. Just return the membership form as requested.

If you are not already familiar with it, do have a look at our - and your - website for items of interest and current and future events, especially the Skid Control Training event. Why not try one yourself, or recommend them to friends? Also look out for our new and improved social events. We are making a considerable effort with our social events, but they need your support to make them successful!

Thank you for your support in the past year and I look forward to your continuing support in the coming years. If you would like to assist with our social events, or maybe join our committee, please do not hesitate to contact me.

Thank you again and wishing you safe driving.
